

Recruitment

Recruit our high fliers and give your business the competitive edge

The Careers and Employability Centre's employer liaison team has extensive experience in helping organisations to identify and recruit high calibre students and graduates to become the business leaders of tomorrow. We determine the best course of action to meet your business's specific recruitment needs and have successfully worked with a wide range of employers for many years. We also develop specific packages for smaller employers and for those new to the graduate recruitment market. Well regarded within the sector for our professionalism and delivery, all our advice is free and impartial.

Specific services include

- Free vacancy advertising
- Access to our unrivalled pool of student talent through employer fairs, presentations, skills sessions and drop-ins, all of which are arranged for you by the employer liaison team
- Advice on the best ways to get your message across to your target audience
- Guidance on raising the profile of your organisation to target groups of students
- Help with advertising and promoting placements and work experience to students
- Access to a range of venues on campus for your employer event

Placement Opportunities

Partnering with us to offer salaried year-long professional placements to our undergraduates offers your business the opportunity to trial and then recruit our sought-after students. We are a pioneer of sandwich degrees, with hundreds of placement company contacts around the world.

Loughborough University graduates are extremely employable and will add value to your business. They are keenly sought after by leading employers for their high-level skills and work readiness

Ideas

Whether you are a multi-national or a local enterprise from the private, public or charity sector, all businesses strive for that competitive edge.

Talent

As a highly respected and trusted organisation, Loughborough University can help you tackle the real-world challenges of the 21st century and come out on top.

Creativity

We are famous for our sports and engineering research, but the true breadth of our world-leading expertise also spans health, life sciences, sustainability, materials, informatics, systems engineering, design, business and economics.

Flexibility

Consistently ranked in the top 20 UK universities, we pride ourselves on being accessible to businesses of all sizes, providing time and cost effective solutions tailored specifically for you.

Focus

We can help enrich your workforce, raise your profile and embed expertise into your organisation. We also provide award-winning conferencing and a first class base for business in the heart of a campus where innovation thrives.

Delivery

This brochure provides information on the many ways you can work with us.

Conference and hotel facilities

Transforming the customer experience through award-winning hospitality expertise

Loughborough University has an international reputation for the breadth of its partnerships with business, industry and commerce, which are the envy of other institutions.

Home to a wide range of world-leading expertise, Loughborough boasts one of the highest levels of collaborative research compared with other universities – more than three times the national average.

We offer

- Partnerships helping you identify, define and solve your major challenges
- Talented PhD students working to benefit your organisation
- World-class experts acting as your personal consultant
- Funding to help your organisation collaborate with us to innovate, expand or improve performance
- Personalised recruitment services to find you the best graduates to work on your organisation's projects

A base for business

The campus is home to Loughborough University Science and Enterprise Park, offering fully-serviced office and laboratory space at the heart of our thriving research community. At around 50,000 square metres of floor space, the park is already one of the largest of its kind in the UK and provides a quality, fit-for-purpose base for business at every stage of development.

Short Courses

Short courses can be a cost-effective way to address crucial skills gaps in your workforce. Many courses available at Loughborough University are based on postgraduate modules and so may also be studied as part of a Masters-level award.

<http://shortcourse.lboro.ac.uk>

Our global alumni network can provide your organisation with access to a vast wealth of business experience across a range of sectors.

The University's award-winning Development and Alumni Relations Office (DARO) is in regular contact with the majority of our graduates and welcomes many of them to a variety of events each year. Many of these gatherings are purely social while others provide business networking opportunities.

DARO's BOND (Business Opportunities for Networking and Development) events, opened by distinguished guest speakers, are extremely well attended, bringing together graduates from across the business community. DARO is keen to maintain a lively and diverse programme of BOND series speakers, and would be delighted to discuss your potential involvement.

The Loughborough University Development Trust (LUdT), managed by DARO, is a charitable foundation that supports both research and teaching across campus. As well as providing scholarships for individual students, LUdT supports the provision of key resources and facilities. There are plenty of opportunities for organisations to get involved by supporting projects of interest and relevance to them.

DARO is also pleased to offer our alumni discounts on goods and services provided by our business partners. These offers are publicised in the alumni e-newsletters, magazines and website, presenting a unique promotional platform for your organisation.

Loughborough University has a global network of more than 134,000 alumni in 170 countries
