1. Name of Department and Departmental contact Business School, Malika Lawrance
2. Award and Title of programme Existing: Post Graduate Certificate/Diploma /Masters of Arts in Healthcare Risk Management Proposed: Postgraduate Certificate/Diploma/Master of Arts in Patient safety Management
3. Proposed date of first intake to the new programme title/award Implications for existing students (if any, students should be consulted) None the changes would apply to students registering in September 09 and thereafter
4. Reasons for proposed title/award change The changes in the management of healthcare risk within the NHS and the independent health and social care sector have included a much more focussed approach to the management of patient safety. This has led to an increased demand for our programmes to reflect this change of emphasis. In order to respond to this we have amended a number of modules to address current needs amongst our students and reflect current thinking within healthcare management
5. Implications for other departments (consultation form to be attached where relevant) <i>N.B Completed consultation forms must be submitted for any department which has terminology in common in its programme titles and for which this may be a concern e.g. Management, Business, Design</i> None
