

### Technical and Engineering

From engineers and technicians working on our aircraft to cyber specialists dealing with communications and terrorism, there are unrivalled engineering opportunities in the Royal Air Force. Technical knowledge goes far beyond anything you would learn in a civilian industry and will continue to grow throughout your career. You will be called on to deploy your skills in some of the world's most high impact situations – from battle zones to humanitarian crises.

The Royal Air Force gives you opportunities you won't find in any other career. The experience you gain with us will equip you to work at the top of your field, both in the UK and overseas. You will also receive a highly competitive benefits package that includes everything from bonuses to a gym membership and discounts for you and your partner. We also offer scholarships and sponsorship to support outstanding candidates like you, to get the education you need for your career to take off.

There are a variety of roles in this trade for both full time Regulars and spare time Reserves including:

- AIRCRAFT TECHNICIAN (AVIONICS)
- AIRCRAFT TECHNICIAN (MECHANICAL)
- COMMUNICATIONS INFRASTRUCTURE TECHNICIAN
- CYBERSPACE COMMUNICATION SPECIALIST
- ELECTRICIAN
- ENGINEER OFFICER (AEROSYSTEMS)
- ENGINEER OFFICER (COMMUNICATIONS ELECTRONICS)
- GENERAL TECHNICIAN (WORKSHOPS)
- PHOTOGRAPHER
