## FIND A CHURCH DIRECTORY 2018/19

Finding a Church can be daunting, especially when you have so many to choose from ...

....so what practical advice can we offer?

1. **Decide what you would like or need in a Church**
  - Spirituality
  - Music
  - Teaching
  - Groups
  - All ages or specific student focus
  - General relevance or more specific
  - Other students/social aspect
2. **Ask other students based in Loughborough about their church**
3. **Ask the Chaplains. They are here to help and advise, not direct.**
4. **Try different churches, there is nothing wrong in taking your time to discover where the right place for you is.**
5. **Remember there are student groups on campus that might meet some of your needs that the church you choose does not.**
6. **Don't forget that the Chaplains are here to help - not only in choosing a church, but in supporting you in many ways as you study and make decisions about your life**

Remember that whilst all Churches are seeking to help you make sense of God and life, not all will suit you personally, even if they suit others around you.
