The Loughborough Scholarship Programme for students on undergraduate degree studies and the Postgraduate Certificate in Education (PGCE) at Loughborough University

Terms & Conditions 2019/20 entry (2019/20 Version)

These Terms and Conditions should be read in conjunction with the Terms and Conditions of Study available at http://www.lboro.ac.uk/study/apply/supporting/terms-conditions/
The Loughborough Scholarship Programme for students on undergraduate degree studies and the Postgraduate Certificate in Education at Loughborough University - Terms & Conditions 2019/20

General

a) The Loughborough Scholarship Programme (hereafter LSP) provides non-repayable, means-tested awards to eligible students to help with living and course costs.

b) The term “relevant programme” refers to any undergraduate degree programme (including Foundation Studies) offered by Loughborough University, or the Postgraduate Certificate in Education (PGCE). It does not include Art and Design Foundation Studies, which is a Further Education programme.

c) The LSP consists of cash bursaries and tuition fee waivers. Both areas of support are subject to means testing procedures carried out by Student Finance England (hereafter SFE) or its equivalent in Scotland or Northern Ireland. Support for PGCE students will take the form of Travel or Travel and Living Cost bursaries.

d) The Academic Year is as defined in University Regulation VI.

e) The University reserves the right to amend the Loughborough Scholarship Programme in the event of a change in the regulated undergraduate tuition fee for UK/EU students.

Loughborough Scholarship Programme (LSP)

1. Eligibility for Consideration

1.1. These terms and conditions relate to students who first register on an eligible programme for the academic year 2019/20.

1.2. The student must be registered on a relevant programme during the 2019/20 Academic Year.

1.3. The student must be permanently resident in the United Kingdom (excluding Wales, the Isle of Man and the Channel Islands) and be eligible for a UK Government student maintenance/living costs loan

or

be permanently resident in the EU (excluding the UK)

1.4. Students from Wales are not eligible for the LSP due to the enhanced support available to those students from Student Finance Wales.

1.5. The student must have applied for means tested student support from Student Finance England (SFE) or its equivalent bodies for the 2019/20 academic year.
1.6. The student must be classified in SFE terms as a ‘2012 cohort’ or ‘2016 cohort.’
1.7. With the exception of PGCE students, any student who already possesses a first degree will not be eligible for consideration.
1.8. To be eligible for consideration for a fee waiver, students must not be in receipt of an official sponsorship.
1.9. PGCE students who are in receipt of a training bursary may be eligible for financial support via the LSP, but the value of the training bursary will be added to their household income and the total value used for the purposes of assessment.
1.10. Undergraduate students undertaking reassessment will be considered for the LSP as long as they are studying a minimum of 30 credits with attendance during the 2019/20 academic year.
1.11. Undergraduate students stretching their degree will be considered for the LSP as long as they are studying a minimum of 30 credits with attendance during the 2019/20 academic year.
1.12. Students from within the European Union (EU), excluding the UK, will only be eligible for the tuition fee element of any award. They will not be eligible for the cash bursary element.

2. Eligibility for the Loughborough Scholarship Programme (LSP)

2.1. The student must have a household income after means testing within the qualifying range (see section 6 and Annex 1) in their 2019/20 application to SFE or equivalent bodies. For the purposes of PGCE assessments, training bursaries will be added to the household income and the total value used to determine eligibility.

2.2. The student must have been assessed and agreed to their HI being accessible to the University before the last day of the summer term of the 2019/20 academic year. Household Income made available after this date will be disregarded.

2.3. Students on Part I in 2019/20 will be assessed for eligibility on their 2018/19 household income.

2.4. The student’s eligibility will be assessed each year they are registered on an eligible programme.

3. Eligibility for enhanced awards of the Loughborough Scholarship Programme for mature students.

3.1. For the purposes of the LSP, mature students are defined those who are aged 21 or over on the 1st September 2019 excepting those excluded by the provision set out in 3.2 below.

3.2. A direct entrant into the second or later year of a relevant programme on the basis of previous undergraduate studies at another institution and who was not aged 21 or over at the commencement of those previous studies, will not normally be eligible to be considered for the LSP as a mature student.

4. Eligibility for enhanced awards of the Loughborough Scholarship Programme for Care Leavers.

4.1. For the purposes of the LSP, a Care Leaver is defined as a young person (who does not meet the definition of a Mature student as outlined in Section 3 above) who has been in care of the local authority and/or Health & Social Care Trust for at least 13
weeks since the age of 14. Care Leavers who have subsequently been adopted, or are
the subject of a Special Guardianship Order, will not automatically be eligible for this
enhanced financial award.

4.2. Care Leavers should contact Veronica Moore: V.U.Moore@lboro.ac.uk by the
last day of the summer term of the 2019/20 academic year to be considered for
the enhanced award.

5. Determination of Household Income

5.1. Means-testing procedures will be carried out by Student Finance England (or its
equivalent in Scotland or Northern Ireland) in accordance with Government regulations.

5.2. Household income, as calculated by the means-testing procedure, will form part of the
assessment for eligibility to the LSP and will be communicated to the University by
Student Loans Company (SLC) if the student and his/her sponsor(s) have consented
to the sharing of this information.

5.3. It is the student’s responsibility to challenge any assessment of their household income
directly with the relevant student funding body if they believe it to be inaccurate.

5.4. If a student’s household income changes in the 2019/20 academic year, the
student will be re-assessed on the changed household income, which may
decrease or increase eligibility for the LSP. The responsibility for requesting this
re-assessment of household income by the relevant student funding body lies with
the student. Changes to Household Income made available after the last day of
the summer term will be disregarded, as per paragraph 2.2.

5.5. If for any reason a student’s household income is reassessed by the relevant student
funding body (e.g. Student Finance England), the responsibility lies with the student to
investigate this reassessment with SFE directly.

6. Value of Awards

6.1. The values of the LSP awards for the current academic year are set out in Annex 1.

6.2. Undergraduate students who are studying at least 30 credits in the 2019/20
academic year will be eligible to receive the pro rata value of the LSP award,
calculated from the credit weighting of modules registered with attendance,
across the whole academic year, based upon a full time load of 120 credits.

7. Assessment and Notification Procedure

7.1. All students registered on an eligible programme who are eligible for the LSP will
automatically be considered for the LSP.

7.2. Where a student is eligible for an award, notification will be made after the
assessment has been completed. (see Section 6 above).

7.3. The University will make an initial assessment of eligibility in October of each
academic year and then undertake reviews at the start of each month until the end of
the summer term.

7.4. If a student’s Household Income is amended during the 2019/20 academic year, the
student’s eligibility for LSP will be reviewed. Any change in the value of the award will
usually be backdated. If the review results in a reduction in the value of the award, the
University will not usually seek to recover any overpayment that has been made.

7.5. If any LSP award is made based on inaccurate information by the student, the
University reserves the right to recover the award made.
8. Method of Payment

8.1. Tuition fee waivers will be deducted in full at the start of the academic year and will appear on the student’s University account statement as a credit towards the tuition fee. In the event of a student taking a leave of absence or withdrawing from the University, the fee waiver will be applied on a pro rata basis and the net tuition fee liability charged in accordance with Regulation XVI.

8.2. LSP bursaries are paid to students through the SLC payment system. The release of bursary instalments requires the attendance of the student to be confirmed to SLC by the University. Bursaries will be paid in instalments directly into the bank account which the student has nominated to SLC and will normally be paid in three instalments as detailed in Annex 2.

8.3. Payments will be made in three instalments regardless of how many terms a student is in attendance.

8.4. The University is not responsible when payments are delayed because the bank account details have not been supplied by the student or if these details are incorrect.

8.5. If the required household income information is not available from SLC by the date required to trigger a scheduled payment, the payment will be made subsequently and backdated appropriately.

9. Cancellation or Suspension of a LSP Award

Withdrawal

9.1. A LSP award holder whose effective withdrawal date falls within the first four weeks of his/her programme will not qualify for any payment under the LSP in that year.

9.2. A LSP award holder who withdraws permanently after the first four weeks of his/her programme, will have his/her award cancelled with effect from the date of withdrawal.

9.3. A LSP award holder who is excluded from the University for disciplinary or other reasons, whether temporarily or permanently, will have his/her award suspended with immediate effect. If such a student resumes their studies at a later date, they will remain eligible for an LSP award on the same basis as other students.

Leave of Absence

9.4. A LSP holder who takes approved leave of absence during the course of an academic year will have his/her award suspended for the duration of the leave period.

9.5. A LSP holder who, having taken leave of absence, returns to the University in the subsequent academic year, will have his/her bursary entitlement renewed, provided that he/she meets the eligibility conditions currently in force.

9.6. The terms of 9.4 above will also apply in cases where leave of absence has been approved retrospectively.

9.7. If attendance in the subsequent year is for only part of that year, LSP payments will be pro-rated accordingly on a credit basis.
