

Cope Auditorium

LAST UPDATED 17th January 2014

Purpose:

The purpose of a Generic Emergency Evacuation Plan (GEEP) is to enable visitors to the building with restricted mobility or those who may not be able to evacuate unaided to become familiar with the layout, evacuation procedures, available equipment and communication devices.

If you feel that this document does not provide you with sufficient information or that you require further assistance, please contact the Loughborough University Fire Officer on 01509 222182.

The building:

The Cope Auditorium is comprised of 2 floors. The main lecture theatre is on the ground floor and the admin offices on the first floor. The first floor is accessible via the lift in the Edward Barnsley building.

Ground floor has several accessible emergency exits that lead to the fire assembly point. Alternative emergency egress is also available from ground floor through the Edward Barnsley building.

Safe refuge is available in the Cope Auditorium on the first floor by the wheelchair lift.

Egress through the Edward Barnsley building is only available during core times and these times should be checked prior to your visit to the Cope Auditorium.

Action required on hearing the fire alarm:

You should leave the building immediately by the nearest fire exit (see attached floor plan) and report to the assigned assembly point for the building.

Other recommendations:

It is recommended that all visitors to The Cope Auditorium should familiarise themselves with the fire alarm signals and floor layout. Floor plans and evacuation equipment locations have been provided with this document.

Equipment provided:

Accessible fire exits are available on the ground floor of the auditorium with alternate evacuation routes through the Edward Barnsley building. Safe refuge is available on the first level of the Cope Auditorium. Please note that access through the Edward Barnsley building is only available during core hours and these should be checked prior to your visit.
