**MAKE BIG SAVINGS
ON THE COST OF A NEW
BIKE & ACCESSORIES!**

Loughborough University offers employees the opportunity to obtain a new bike and cycling equipment through the cycle to work scheme provided by our partners, Cycle Solutions.

The scheme is supported by the UK Government to promote cycling and enables employees to make big savings on the retail cost of cycles and equipment.

The Cycle to Work scheme is a hire scheme, with the cost of the bike and equipment being taken from your monthly salary before National Insurance and Income Tax contributions are deducted.

For further details, please call Cycle Solutions on **0330 100 2480**, or visit our dedicated scheme website:
