At Loughborough, we combine world-class research with an enterprising outlook.

We enjoy unparalleled sporting achievement. Our accomplishments are built on the hard work and high standards achieved by our staff and students. We’ve created something distinctive and truly special. Our determination to succeed motivates everyone to be the best they can be.

We continue to flourish.

Where is Loughborough?

Loughborough is at the heart of England in the northernmost part of the county of Leicestershire. Being centrally placed, it is well served by road, rail and air.

London is one-and-a-half hours away by train, Birmingham one hour and Manchester and Leeds around two hours.

We also have an incredible postgraduate campus, set right in the heart of Queen Elizabeth Olympic Park, London. Its convenient location means Stratford International Station is within walking distance and London City Airport is only 15 minutes away.
OUR PEOPLE

Life at Loughborough has a strong community feel. It’s a factor we pride ourselves on and is all down to one key element: our people.

Our students, graduates, staff and campus-based partners are at the heart of all we do. They’re the key to our continuous success.

Within this close-knit community, there is an atmosphere of determination and a will to succeed, which creates an environment that motivates everyone to be the best they can be.

OUR STUDENTS

OVER 28,800 applications were made for a total of around 4,100 undergraduate places in 2018/19

MORE THAN 17,800 students from over 130 different countries

OVER 3,100 of our students on campus are international

STUDENT NUMBERS 2017/18
UK/EU AND INTERNATIONAL

- Undergraduate: 13,163
- Postgraduate taught: 2,988
- Postgraduate research: 986
- Further education: 182
- Other (including temporary exchange and staff research): 488

OUR STAFF

STAFF NUMBERS (DEC 2017)

- Administrative, management and specialist staff: 1,293
- Research and teaching staff: 1,290
- Operational and technical staff: 1,214

We hold the BRONZE INSTITUTIONAL AWARD FOR ATHENA SWAN

OUTSTANDING CAMPUS

Our superb 440 acre single-site campus is the University's most glorious asset, offering great facilities for students, staff and visitors.

ENVIRONMENTAL MANAGEMENT
The University has committed to embed sustainability and social responsibility into all of its processes, operations and developments whilst working closely with local partners to enhance the social, cultural and economic wellbeing of the communities and regions in which we reside.

To help deliver this, we continue to sustain and improve our campus-wide accreditation to the internationally recognised environmental management system ISO14001:2015.

STUDENT VILLAGE
Almost £50 million is being invested in new halls of residence, providing over 600 student bedrooms. The halls will also incorporate the UK’s first Active Campus with outstanding recreation facilities and fitness opportunities.

ELITE ATHLETE CENTRE AND HOTEL
As part of the Student Village development, the world-class Elite Athlete Centre and Hotel includes 44 four-star bedrooms; 20 of which have the capacity to adjust climatic altitude conditions up to 5000m. The centre opened in autumn 2018 and coupled with the sporting facilities on campus is unparalleled in the UK.

Find out more at www.eliteathletecentre.co.uk

NATIONAL CENTRE FOR COMBUSTION AND AEROTHERMAL TECHNOLOGY (NCCAT)
Set to open in early 2019 NCCAT will act as the UK’s primary hub for research and development of future low-emission aero gas turbine combustion technologies – putting Loughborough at the heart of UK aerospace engineering and technology development.

AWARD-WINNING STUDENT EXPERIENCE

Loughborough is well known for offering a life-changing student experience.

In addition to academic excellence, our renowned student experience, award-winning students’ union, sports clubs, societies and community spirit play a big part in why our students are so passionate and proud to be here.

They are offered a truly global experience; being taught by academics from across the world, and given the opportunity to study abroad, complete a placement overseas, or learn a new language.

Working closely with Loughborough Students’ Union, we ensure that students have access to an all-round experience that equips them for every aspect of their life and career.

“We are fortunate to have such a rewarding partnership with our students’ union”

— Robert Allison, Vice-Chancellor and President

Our student experience offers a variety of opportunities for students to get involved and make their time at university matter. See for yourself at:

www.lsu.co.uk
An important part of our strategy is to ensure our students receive a global experience. We also work closely with a number of higher education institutions and businesses at an international level to offer opportunities for all students, staff and partners.

Couple all this with our strong reputation for world-leading research, it’s clear to see the impact our University is having on a global scale.

OUR GLOBAL PRESENCE

In Europe...
The University has approximately 150 partners in Europe for study exchange, including Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, the Netherlands, Norway, Poland, Portugal, Slovenia, Spain, Sweden and Turkey.

Study exchanges in Europe are facilitated by the University’s participation in the European Union’s Erasmus+ programme.

See: www.erasmusprogramme.com

ERASMUS+ PROGRAMME 2017/18

170 Loughborough students travelled overseas with the Erasmus+ programme

68% of students were on study exchange

32% were completing a traineeship

244 Loughborough received 244 incoming Erasmus+ exchange students

IN EUROPE...
The University has approximately 150 partners in Europe for study exchange, including Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, the Netherlands, Norway, Poland, Portugal, Slovenia, Spain, Sweden and Turkey.

Study exchanges in Europe are facilitated by the University’s participation in the European Union’s Erasmus+ programme.

See: www.erasmusprogramme.com

FURTHER AFIELD...
We have reciprocal exchange agreements with partners in Australia, Canada, Chile, China, Hong Kong, India, Japan, Singapore, Switzerland, Taiwan, Uruguay and the USA.

The University has a long history of international engagement, from individual academic collaborations to joint educational programmes, with institutions such as Massachusetts Institute of Technology (MIT), Indian Institute of Technology Delhi (IIT Delhi), Nanyang Technological University (NTU).

Find out more about the activity and impact we have happening across the globe at:

www.lboro.ac.uk/international

STUDYING ABROAD
Loughborough students are encouraged to spend time abroad during their studies, on a study exchange with one of our partner institutions.

The University has committed a pledge to Go International: Stand Out, the UK’s national campaign to double the percentage of students who study, work or volunteer abroad during their degree by 2020.

MEETING ALUMNI OVERSEAS
Over the past 12 months, the Vice-Chancellor has held high profile alumni receptions in New York, Dallas, Singapore, Melbourne and New Delhi.

VISITS TO YOUR REGION
Our dedicated international team regularly travel to meet students from countries around the world, including the USA, India, China, Hong Kong, Nigeria, Dubai, Saudi Arabia and many more.

PARTNERS OVERSEAS
We are committed to building strategic international partnerships to promote research excellence and innovative teaching with a global impact.

Our global position as a centre for groundbreaking research and academic excellence is reinforced through our knowledge growth and transfer with leading international partners.

We work closely with the UK government’s international awards scheme, Chevening, developing global leaders through the provision of scholarships to outstanding students across a range of subject disciplines. This includes the exclusive Olympic Legacy Scholarship, launched specifically to support future leaders of Brazil’s developing sports industry, and leadership of the Volunteer Zambia project using sport to make a real difference to the lives of young Zambians.

Loughborough is the UK’s academic partner for the UNITECH International programme, which helps engineering students develop skills, experience and a network to help them with their future career.

Loughborough is the UK’s academic partner for the UNITECH International programme, which helps engineering students develop skills, experience and a network to help them with their future career.

EMPLOYABLE GRADUATES

When it comes to employability and capabilities, Loughborough graduates are in a league of their own.

SUCCESSFUL GRADUATES

- 94%
  - 94% of undergraduate students were in employment, further study or both six months after graduating.
  - DLHE 2017 GRADUATES - FULL-TIME UK FIRST DEGREE STUDENTS AVAILABLE FOR WORK OR STUDY

GRADUATE PROSPECTS

- 93%
  - 93% of students undertaking a placement year achieved a 1st or 2:1.
  - HESA 2016/17 – UK AND CHANNEL ISLES, FULL-TIME FIRST DEGREE STUDENTS

PLACEMENTS

- 100%
  - All our undergraduate courses offer a year-long work placement or overseas study.

OVER

- 6,500
  - Over 6,500 placement, internship and graduate vacancies are advertised to students via the Careers Network every year.

- 1,700
  - Over 1,700 students went on year-long placements with more than 1000 companies.
  - DLHE 2017 GRADUATES – FULL-TIME UK FIRST DEGREE STUDENTS AVAILABLE FOR WORK OR STUDY

E X H I B I T O R S

- £25.4K
  - The average starting salary for a Loughborough graduate is £25,450 per year.
  - DLHE 2017 GRADUATES - FULL-TIME UK FIRST DEGREE STUDENTS AVAILABLE FOR WORK OR STUDY

Find out more about our employable students and the opportunities they’ve taken advantage of to boost their prospects at:

www.lboro.ac.uk/careers

@lborocareers
Loughborough’s research strengths span the arts, humanities, business, social sciences, sport, health, science, design, engineering and mathematics, supported by over £40 million in new research grants every year.

We have a research community made up of more than 2,500 staff and Doctoral Researchers. Through the Doctoral College, we deliver an outstanding postgraduate student experience including 150 new scholarships every year. Our Institute of Advanced Studies embodies our commitment to international collaborations with the world’s leading researchers.

Our strengths are truly diverse as illustrated by just a few examples of our many centres of excellence:

**CENTRE FOR RESEARCH IN SOCIAL POLICY**
Evidencing the Minimum Income Standard for the UK as the basis for the ‘Living Wage’

**CENTRE FOR INFORMATION MANAGEMENT**
Big data opportunities for government, organisations and society

**MATHS EDUCATION CENTRE**
Researching the pedagogical practice designed to enhance mathematical learning

**NATIONAL CENTRE FOR SPORT AND EXERCISE MEDICINE**
An Olympic legacy project delivering education, research and clinical services in sport, exercise and physical activity

**ROLLS-ROYCE UNIVERSITY TECHNOLOGY CENTRE IN COMBUSTION SYSTEM AEROTHERMAL PROCESSES**
Delivering a fuel economy benefit of 20,000kg per aircraft per year

Many of our individual strengths cluster around enduring themes and we call these world-class research areas our Beacons:

**BUILT ENVIRONMENT**
The built environment is complex, dynamic and under pressure from rising urban populations, ageing infrastructure and environmental risks

**COMMUNICATION AND CULTURE**
From social interaction to mainstream and social media, including political communication, conversation analysis, and analysis of visual and performing arts

**HIGH-VALUE MANUFACTURE**
Cutting edge, next generation manufacturing processes and technologies for a sustainable future

**SPORT AND EXERCISE**
Optimising athlete performance, revolutionising sport medicine, innovating in equipment design, enhancing engagement and challenging sport integrity

**TRANSPORT TECHNOLOGIES**
Efficient, safe, sustainable and clean mobility solutions for road, rail and air

Our Global Challenges programme, we work with international partners to deliver multi-disciplinary solutions to the biggest societal challenges of the day:

**CHANGING ENVIRONMENTS AND INFRASTRUCTURE**
Tackling the challenges to global economies and ecosystems presented by climate, land use and hydrological change

**ENERGY**
Bringing low carbon technology and user behaviour together for a future where energy supply is secure, sustainable, clean and affordable

**HEALTH AND WELLBEING**
Addressing global issues in planetary health, healthcare, exercise and health, antimicrobial resistance, and dementia

**SECURE AND RESILIENT SOCIETIES**
Creating resilient urban spaces, conflict and emergency zones and enhancing economic and financial resilience

Loughborough is renowned for the quality and impact of its research. Our work shapes public policy, makes business and industry more competitive and improves lives around the world.

Find out more about the motivations, collaborations and life-shaping solutions that are creating our outstanding reputation in research at:

www.lboro.ac.uk/research
Loughborough University Science and Enterprise Park (LUSEP) is now home to over 75 companies ranging from graduate start-ups and university spin-outs to high-growth tech and global R&D firms. Plans are underway for major new buildings and the Park’s Enterprise Zone status provides even greater incentive for more companies to join our thriving innovation community.

Over 65 LUSEP companies provided invaluable student placement opportunities last year, including Alcuris which is developing connected healthcare technologies that help vulnerable adults live fulfilling, independent lives for longer. Manufacturing Engineering graduate Alex Nash founded the company in 2016, shortly after graduating. Alcuris has raised £630k investment, which is expected to rise to £1.6m by the end of the year, creating 10 jobs.

In less than a year we’ve seen a significant increase in applications to the Knowledge Transfer Partnership scheme, which links small to medium companies to the expertise they need to grow their business and gain a competitive edge. Up to 67% funding is available to help them launch products, break into new markets and embed new skills.

An industry-first technology developed at Loughborough has the potential to significantly cut nitrogen oxide (NOx) emissions in diesel engines. Scalable for any sized engine, the technology extends the operation of the selective catalytic reduction system to low temperature exhaust conditions.

A risk management system developed at Loughborough has helped the Department for Environment, Food and Rural Affairs manage more than 200 animal health threats, facilitating decision-making and the prioritisation of limited resources. The expertise is now being applied to address bio-security threats worldwide.

Pioneering social policy work has raised awareness of young carers, and contributed to the Care Act 2014 and the Children and Families Act 2014. A screening tool developed at Loughborough is now used worldwide to identify and work more effectively with young carers.

Loughborough Enterprise Network connects a community of students and graduates creating space for entrepreneurial minds to be inspired, share ideas, develop expertise and secure funding for start-ups. In three years, there has been a 95% increase in students engaged in enterprise activities and our graduate incubator has nurtured 50 businesses, created more than 80 graduate jobs and 67 internships in six years.
SPORT AT LOUTHBROROUGH

We are proud of our hard-earned reputation for sport at Loughborough, but our constant focus is on ensuring every student has the opportunity to enjoy sport regardless of ability or interest.

OUR HISTORY

Our global reputation is built upon a long and successful sporting heritage. Over 100 years ago our Principal, Herbert Schofield, a great innovator, made educating the mind and the body central to his student welfare philosophy and saw sport and physical education as crucial to this.

Today, Loughborough Sport plays host to many of the highest performing student athletes and teams in the country, and our campus-wide opportunities allow all of our students to enjoy life-shaping experiences through sport.

NATIONAL SPORTS PARTNERS

Our campus is home to unique national performance centres in cricket, athletics, netball, swimming and triathlon.

SCHOOL GAMES

Loughborough University plays host to the UK School Games with over 1,400 of the most talented young people in the UK competing in several sports over four days in a high profile, Olympic-style multi-sport event.

LOUGHBOROUGH LIGHTNING

Our Lightning franchises in cricket, netball and rugby promote excellence in women’s team sports. Our teams compete in the top tier of domestic competition with home fixtures regularly covered live on Sky Sports.

FAMOUS SPORTING GRADUATES

Lord Sebastian Coe
Chancellor at Loughborough University, Chair of IAAF and Chair of London 2012

Dame Tanni Grey-Thompson
Multiple Paralympic gold medallist

Maddie Hinch
Olympic gold medal winning hockey goalkeeper

Ore Oduba
BBC sports presenter and Strictly Come Dancing winner

WORLD-CLASS COACHES

Four Loughborough alumni coached gold medal winners at the Rio games: Mel Marshall (Swimming) and Danny Kerry (Hockey) for Team GB, Ben Titley (Swimming) for Canada, and Ben Ryan secured Fiji’s first ever Olympic gold medal in Rugby 7s.

LOUGHBOROUGH AT A GLANCE

### GIVING BACK

#### 20,500 HOURS

In 2017/18, Loughborough students completed over 20,500 hours of voluntary work. In 2017 they received the Queen’s Award for Voluntary Service – the highest possible award given to volunteer groups in the UK.

Keep up-to-date with our student volunteering at:
- [www.lsu.co.uk/action](http://www.lsu.co.uk/action)
- @ActionEO_LSU
- /ActionLSU

#### £357,000

To date, over £357,000 has been donated to help local projects through the Community Donations Fund.

#### OVER ONE MILLION

In 2017/18 over £1 million was raised through LSU Rag, taking the total since records began to over £17 million.

See what the Rag team are up to at the moment:
- [www.lsu.co.uk/rag](http://www.lsu.co.uk/rag)
- @RagEO_LSU

### SUSTAINABILITY AT LOUGHBOROUGH

#### 1ST FOR GIVING BACK

**WHATUNI? STUDENT CHOICE AWARDS 2018**

Loughborough smashed the national record for the number of stem cell donors recruited in one day at a university, with a total of 2,056 eligible donors joining the Anthony Nolan register during the Spit Happens event.

#### £2.8 MILLION

£2.8 million saved on energy costs over the last three years.

#### 24% REDUCTION

Since 2013, the University has reduced carbon emissions from commuter travel by 24%.

#### 75% RECYCLED

In 2016/17 the University created 2,020 tonnes of waste. We recycled 75% and turned 19% into energy.

#### 14,400 JOBS

The University supports an estimated total of 14,400 FTE jobs and £940 million in Gross Value Added in the UK.

Visit:
- [www.lboro.ac.uk/sustainability](http://www.lboro.ac.uk/sustainability)
- @SustainLboro
- /LoughboroughUniversitySustainability
- /SustainableLboro

### OUTREACH WORK

#### 640 SCHOOLS

We work with over 640 schools across the country to raise the aspirations of our younger generation.

#### OVER 52,000

Individuals connected with the University through outreach recruitment activity in 2017/18 – an increase of over 7,000 compared to the previous year.

#### 2,600

Since January 2017, over 2,600 young people from 33 schools engaged with Subject in a Box – an award-winning initiative that enables teachers to provide their class with a unique insight into degree-level study.

- @LboroSCL

### LOOKING AFTER THOSE AROUND US

The University attracts thousands of students from across the UK and overseas every year. Pairing this with the fact that we’re Loughborough’s largest employer, we contribute significantly to the local economy.

We also aim to make a significant contribution to the social wellbeing of the town and wider region, which is where our commitment to the community comes in.

Keep up-to-date with everything that is happening at:
- [www.lboro.ac.uk/community](http://www.lboro.ac.uk/community)
In 2012, Queen Elizabeth Olympic Park was the home of the celebrated London Olympic and Paralympic Games. Now the Park is one of the most exciting developments in London – and Loughborough University is at the heart of it.

Loughborough University London is an inspiring campus that enhances our existing world-class partnerships and excellence in research, to deliver an outstanding learning experience for postgraduate students in London.

Find out more:
www.lborolondon.ac.uk
GETTING TO KNOW US

The University is made up of various departments, schools, institutes and research centres, all of whom contribute to the success we enjoy and the high standards set.
Finances are essential to any institution, ensuring it runs on a daily basis. They allow us to invest in our staff, enhance our offering to students and develop our facilities. Crucially, they also allow us to invest in plans and ambitions that enable us to become a stronger institution, create new opportunities, progress and grow.

Here's how it breaks down...
The University's income for 2017/18

- £300.8m
  - Students' tuition fees
  - Other sources of funding (e.g. research)
  - Funding from sponsored research
  - Grants for research

Here's how we spent it...
The University's expenditure for 2017/18

- £295.5m
  - Management of schools and academic libraries
  - Buildings and services (such as Derbyshire Network)
  - Operation and maintenance of buildings
  - Operation of other facilities
  - Research activity

£300.8 million income – £295.5 million expenditure = £5.3 million surplus not profit

This helped to fund:
- Student Village development – over 600 new student bedrooms
- Research and teaching equipment
