Guarantor's details

This form is for any first-time distance learning applicants who have not already completed it.

It can also be used by current students who need to change their guarantor.

You should nominate a local guarantor who occupies a position of authority, for example your sponsor, employer, manager or supervisor. The guarantor’s responsibility is to countersign the submission sheet you send with each assignment (up to three per module) to indicate that they believe it to be your own work. If they feel able to provide other support such as advice or response to technical queries, then that too will be helpful though not essential. Your guarantor should know you well and be available before the submission deadline to countersign each assignment. S/he cannot be a member of your family.

Before nomination, you should discuss arrangements for counter-signature of assignments with your proposed guarantor.

We will contact your proposed guarantor to ask them to complete a slightly more detailed form. If they need further information, please ask them to contact the Distance Learning Administration Team: (wedc-admissions@lboro.ac.uk).
