Dear Sir/Madam

RE: Deutsche Bank Analyst Graduate Programme

I am a final year BSc (Hons) Finance and Management student at Loughborough University and wish to apply for the Deutsche Bank Analyst Graduate Programme, as advertised on our Careers Network website. Please find my CV attached for your consideration.

I am very impressed by the fact that Deutsche Bank is so strong in its sector but balances that success with environmental and social responsibility. Stakeholders are key to Deutsche Bank, and good communication is essential to win and maintain their trust. As well as investing in its stakeholders, Deutsche Bank invests in its staff and I was really intrigued when talking to recent new starters about their experiences at our Careers Fair. I like the fact that there are both buddy and mentoring schemes to support individuals as they grow and develop their careers. Deutsche Bank provides excellent on-the job training and I am very motivated by the support given to gain FCA certification.

I have just completed a summer internship with the Royal Bank of Canada where I enjoyed learning about fixed income and equity trading systems. I also analysed share prices and helped to provide market reports for the trading teams. My degree has taught me about finance theory and its application in financial services and I achieved a high 2.1 overall last year, with 75% in my Financial Risk Management module and 72% in Business Lending. In addition to my studies, I am Treasurer for the Loughborough Finance Society and Secretary for the Loughborough Hindu Society, and have enjoyed liaising with students and external companies to source funding and speakers whilst also promoting events. I have leadership experience as the Captain of my Hall Rugby Team and I was also Head Boy at The Latymer School. Through these positions of responsibility, I have strengthened my ability to manage conflict with tact and to lead teams to successful outcomes, as well as contribute as a team member. I work hard on multiple deliverables and relish taking on new challenges.

I look forward to hearing from you and please contact me if you would like to discuss my application in more detail.

Yours faithfully

Nikesh Patel
