Acknowledgements

The Museums, Libraries and Archives Council (MLA) has supported this work through its funding support for the LISU research and publication programme.

We are grateful for the continued support of the Association of Senior Children's and Education Librarians (ASCEL). Their advice and input on the format of the questionnaire and areas to be covered ensures that this survey remains relevant to members of the profession.

Thanks are due to all LISU staff – in particular to Sharon Fletcher for her important contribution to the design and preparation of the report. Extra help was received this year from Jackie Rookes and Jenny Creaser who entered much of the data.

We are also grateful to the many librarians who made extra effort to complete the questionnaire, and who subsequently provided constructive and helpful answers to telephone queries.
